Particulars of Professional Engineer/Licensed Plumber

Name	
Name of Company	

I, _____, the Professional Engineer-In-Charge/Licensed Plumber hereby certify that I have supervised the construction of the NEWater service installation of the above development and inspected the completed NEWater service installation. I confirm that, to the best of my knowledge and belief, the NEWater service installation was carried out in accordance with the Public Utilities Board's requirement including the Public Utilities (Water Supply) Regulations, Singapore Standard CP 48 - Code of Practice for Water Services, Authorities' requirements and other statutory requirements. I also confirm that the NEWater service installation is not physically connected to the PUB water service installation, and that all the water fittings installed in the NEWater service installation are of the types that comply with standards prescribed / stipulated by PUB. I further certify that the said NEWater service installation and the associated electrical devices and equipment have been tested and are safe and acceptable for operation.
