1. I, _____, the Professional Engineer In-Charge/Licensed Plumber hereby certify that the NEWater service installation at the premises is designed in compliance with the Public Utilities Board's requirements including the Public Utilities (Water Supply) Regulations, Singapore Standard CP48 - Code of Practice for Water Services, Authorities' requirements and other statutory requirements. I also confirm that potable water storage cisterns shall not be located below sanitary pipes and other non-potable water pipes. All the water fittings to be installed in the NEWater service installation are of the types that comply with standards prescribed / stipulated by PUB.

2. The site plan, the NEWater schematic drawings and the breakdown of NEWater requirement, if any, of the above development are attached herewith.
