

**APPLICATION FOR RENEWAL OF WRITTEN APPROVAL (WA)  
TO DISCHARGE TRADE EFFLUENT INTO PUBLIC SEWER**

**Instructions**

Please complete the application form and email to:

PUB\_WA@pub.gov.sg

**Section A: Company Information**

Name of Company:

---

Company Registered Office Address (Please attach documents from ACRA):

---

Address of Factory premises with trade effluent discharge:  
(If company is occupying more than one unit, please provide all the units number)

---

---

Contact Person: \_\_\_\_\_

Email/Tel No: \_\_\_\_\_

**1. Business Activities at the above factory (Please submit process flow diagram):**

---

---

---

**Section B: Information of Trade Effluent to be Discharged**

**1. Description of activities/processes that generate the Trade Effluent:**

---

---

**2. Approximate quantity of trade effluent to be discharged:-**

Volume of trade effluent discharge per month : \_\_\_\_\_(m<sup>3</sup>/month)

Peak discharge rate : \_\_\_\_\_(litres/second)

**3. Location of effluent discharge (in-house treatment facility for the trade effluent):**

Trade effluent discharge into the public sewer via the following facility (please tick accordingly):-

	Company In-house Treatment Facility (Common wastewater treatment facilities shared among various tenants shall be excluded)	Trade Effluent Monitoring Program (provide info for the question below if the respective treatment facility is applicable)
<input type="checkbox"/>	Gully trap/floor trap	
<input type="checkbox"/>	Grease trap	How frequent is the grease trap maintain?
<input type="checkbox"/>	Oil interceptor	How frequent is the oil-interceptor maintain?
<input type="checkbox"/>	Balancing Tank	
<input type="checkbox"/>	Wastewater treatment plant(WTP)*	How frequent does the company send the trade effluent samples for laboratory analysis?
<input type="checkbox"/>	WTP with pH monitoring*	How frequent does the company send the trade effluent samples for laboratory analysis?  How frequent is the pH monitoring system calibrated and maintained?
<input type="checkbox"/>	WTP with pH monitoring cum shut off penstock*	How frequent does the company send the trade effluent samples for laboratory analysis?  How frequent is the pH monitoring system cum shut off penstock calibrated and maintained?
