Earth Control Measure

iWater ECM Systems (2m³/hr to 120m³/hr)

Water ECM14 x 2

Before

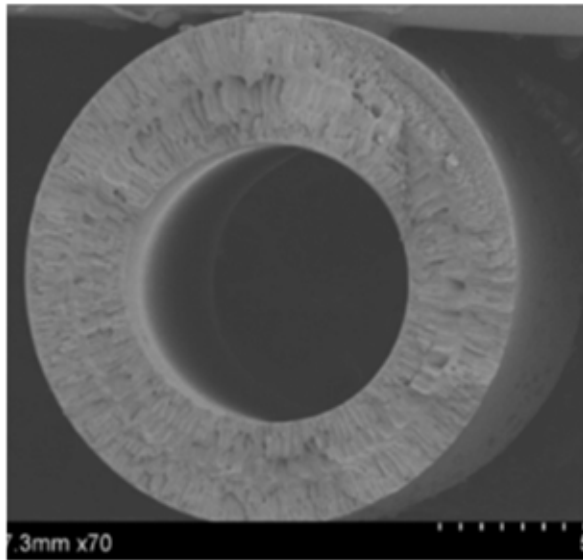

After

Purified Muddy Water in 1 Step **ALWAYS!**

- **Simple Installtion**
- **Automated Operations**
- **No Chemicals Needed**
- **Low Energy Consumption**
- **Consistent Water Quality**

Higher Strength, Longer Lifespan

Idro Membranes:

Burst Pressure < 12 bars

Other Membranes:

Burst Pressure < 6 bars

Idro iWater ECM systems have membranes
which have been in use for more than

> 4 years

System Includes:

- Feed Pump
- Pre-filters
- Idro Membranes Modules
- Backwash Pump
- Automatic Valves
- Automatic Controls

iWater ECMs comes wholly assembled on a compact skid and ready for immediate installation
